The idols are then reproduced again on the following values 2 franc, orange and maroon, 2 franc 50, red brown and green, 3 franc 50, blue and black, 5 franc ochre and red lilac, the 6 franc shows the same mask as on the 40c value, in tan and indigo. The 10 franc shows a different mask in lavender and red brown, the 20 franc shows yet another mask, in orange and blackish brown, the 50 franc shows the same mask as does the 10 franc, in orange brown and black and the 100 franc shows the same mask as the 20 franc, in bright red and black.

Easily a stamp that will have the distinction of being one of the most beautiful ones ever issued, the 1d value of the Great Britain Silver Wedding issue saw its first day of issue on April 28. It and the other value of the set a 2½d. are shown on the above cover. The 2½d. stamp is colored ultramarine while the 1d value is a rich shade of blue. The cover was cancelled on the first day of issue from North Finchley. It is shown through the courtesy of the Old Quarter Stamp Shop of New Orleans.

**Semi-Postal Souvenir Sheet, Famous Men Set From Hungary**

Hungary apparently is giving no rest to the presses on which stamps are printed. On May 18, states Bela Bauer, secretary of the Hungarian Philatelic Society of New York, a miniature sheet was issued in the form of a semi-postal, the surtax from which will be devoted to the restoration of the famous Chain Bridge over the Danube at Budapest. The postage value assigned to the sheet is two fl. while the surtax amounts to 18 fl., just nine times as much!

Another series of a commemorative nature to be released by Hungary shortly is reported by Alfred Boerger of Toledo, Ohio.

**CLOSE OUT**

We are down to the tail-end of what was the largest accumulation of flown covers of the 5c and 10c 1933 air mails, Scott C4 and C5. These catalog 5c and 10c, respectively, for the pair. These are neat covers, but the stamps remaining are not well centered, though sound and lightly cancelled and otherwise attractive. While they last, the pair of covers is available at \$2.25 for both, much less than you would have to pay for one of them alone in similar condition off cover. At this price, it will pay you to buy and soak them off!

**HERMAN HERST, JR.**  
 SHRUB OAK, NEW YORK

It will have a lot of appeal to Americana fans, for among the designs will be found several persons depicted who are citizens of this country. It is in the nature of a Famous Men series, including within its ten values inventors and explorers.

The 1f. value depicts Gutenberg, his original press and a modern printing press; the 2f. stamp has Columbus, the Santa Maria, and an outline map of North and South America; the 4f. pictures Robert Fulton, his Clermont, and a modern ocean liner; a 5f. carries the likeness of Stephenson, his first locomotive, and a streamlined steam driven locomotive; a 6f. has pictures of D. Schwarz and Count Zeppelin with replicas of an early airship and also one reminiscent of the Graf Zeppelin; the 8f. has Thomas Edison and a moving picture projector casting a movie on a screen.

The first man to fly across the English Channel in a heavier than air craft, Bleriot, is depicted with his original monoplane used on this historic flight along with a modern four engined strato-liner.

## Don't Get The Heebie Jeebies

Word from some sources contains a bit of a sour note, business is not so hot and other remarks that show that some people are on the edge of a case of jitters. Dealers have had a period of years in which sales were so easy that they

GEO. LINN

got careless with their customers, even forgot to try to make new ones and even failed to try to sell stamps at times since the boys crowded in and wanted to carry them away. It will be better for all of us if things are leveled off to a more sound and solid basis. I can well remember back during the depression years of the early 30's. Stamps and stamp business did not suffer near so much as other lines of business. At that time our circulation grew to the largest that any stamp publication had ever had in America. Reason was that stamp collectors are of the upper crust, they were less effected by loss of work than the average person, they still had some cash laid aside or an income that permitted them to indulge in their hobby and many of them had more time to do it and thus did follow up as a matter of having something to do.

Business is somewhat like the law of gravity. In business it is the survival of the fittest and those dealers who have built their business on sound and good service to their customers and who have proceeded in a sound business-like manner are certain of survival. There is always a big turnover in business establishments and it will effect the stamp trade as well as other lines of business but the sound dealer who has built on a sound basis will survive and prosper.

Prices will not tumble on fine quality stamps for there are far too few of any of them available. The greatest thing we will notice will be a falling off, if any, in the sales of new eye catching material. Since this war, as was the case after the last war, collectors have been overloaded by new and special issues put out to get their dollars. This type of material is always questionable, some of it will turn out to be a very fine investment while other sets will drop so much in price that the collectors who keep account of costs of each item will weep over their collections.

Right now staid old Great Britain is taking the hobby for a real ride. This set has been condemned by many, yet our prediction is that it will turn out to be one of the best sets that has come out since the war. At the high price of this set, few dealers will acquire more of them than enough to supply their immediate orders, stocks in the hands of dealers will thus be nil and within a few years price advances will start which will make this set equal to the Jubilees.

Review your Scott catalog on British Colonials and you will note that the heavy percentages of price increase are invariably in the top values of the sets, reason is as explained above and there is no reason why this law will not repeat itself.

So hold on to your seats boys, the stamp business will survive much more readily than many other kinds of business and a sound and firm era of trade will emerge that will be better for all of us.

There has been so much in the past few weeks to upset the public that we hardly know what to blame for any of the present sales resistance for that is about what it amounts to. The Baseball season just opened, John Lewis had the country upset, the Railways threatened disaster to all of us, the international situation has been a constant turmoil and all the time prices on bread and milk and other things have been going up.

Perhaps the public is getting tired of these constant increases and are objecting to buy. It is only natural that if such a feeling rises that the stamp trade will feel it to a certain extent, but be assured that the stamp trade will pull out of it easier than in other lines of business.

## Congratulations to Buffalo Dealers

In the April 25th issue of the Stamp Wholesaler, we

find a full page advertisement headed, "The Professional Stamp Club—Buffalo, N. Y."

The advertisement then gives a list of names and addresses of nineteen stamp dealers of Buffalo and vicinity who have banded together in the form of a club which holds a monthly dinner meeting followed by a bourse. The announcement states that stamp dealers from any other city will be welcomed at the meetings.

Here we see visible and striking evidence that the stamp dealers of a city of the size of Buffalo have enough common sense and foresight that they have organized as a group and we congratulate these men for this action, for it is certain to be instrumental in bringing about a better feeling and better understanding among them and it should eventually work to the advantage of their customers also. We note by the ASDA triangle that but three of these dealers are ASDA members. We feel that this makes little difference in the local gathering, altho it would be a splendid thing were the ASDA organized in such manner that all of these dealers would wish to become a member. There is a tremendous field for membership in a real dealer organization and we believe that if the dealers of every larger city will organize in this same manner that much benefit will accrue to them as a group and that the good that will come from such an organization will eventually work to a mutual advantage of both dealer and collector. The two are so closely allied together in the stamp world that each should give full thought and consideration to the other.

## Speaking of The Stamp Wholesaler

In the same April 25th issue we find ample evidence that Mr. Jackson should get some new writers for his paper. We find one item where George Sheehan is writing a book on the Mail Order Stamp Business and is so far behind the times that he gives the name and address of Linn's Weekly Stamp News as Columbus, Ohio, when as a matter of fact it is now six years since we left that city.

## Cachets For New Flights In Southwest

Effective on or about June 1, airmail service will be inaugurated over a portion of route A.M. 64 between Amarillo and El Paso, Texas. Special cachets will be provided for Amarillo, and El Paso, Texas, and Roswell, N. Mexico.

Also, effective on or about June 10 airmail service will be extended on the San Antonio-El Paso segment of route A.M. 82 from Marfa, Texas to the terminal at El Paso. A special cachet will be applied to covers at El Paso for all covers to be dispatched on the first East bound flight.

First-flight air-mail covers sent to the postmasters at the above-named offices should be accompanied by a letter authorizing the holding of the covers for the first flight and requesting the application of the cachet. Space approximately 2 1/4 by 2 1/4 inches to the left on the address side of all covers is required for the cachet.

No provision will be made for point to point covers, however, at request of collectors, covers receiving cachets will be given directional service only to a terminal or junction point designated by the Regional Superintendent, Air Postal Transport, and served by the first flight in each direction, and will there be backstamped and dispatched onward to destination.

Covers receiving cachets on the June 10 flight, will be given dispatch on the first east-bound flight to a terminal or junction point designated by the Regional Superintendent, Air Postal Transport, and will there be back stamped and dispatched onward to destination.

## HOUSE OF PHILATELY

P. O. BOX 133  
NEW YORK 24, N. Y.

BY CARL P. RUETH

Since the first of the year, the Post Office Department has announced a number of stamps of a commemorative nature to be issued at various times in the coming months. Whether the lot of them, or any single issue is justified is beyond the point that I would like to make, for as far as I am concerned they can issue a stamp to commemorate Mrs. O'Leary's cow providing the men at the top who pass on such things are given the facts and the freedom to make such a decision without submitting to pressure.

But alas, even as in dictatorial Russia, we have dictatorship also, but in our country, in reverse. In Russia, the top man pushes his ideas and ideals down the throats of his countrymen, with help, of course, while here in the United States certain groups of selfish, small-minded characters cram their ideas down the throats of the President of the United States, and his able assistant, the Postmaster General. Two examples of this are the discovery of Gold in California stamp, and the stamp to commemorate the migration of the Swedes to the Mid-West.

And before reading further, remember that I have nothing against the persons or the events commemorated in either. The "Gold" stamp was forced out of the POD weeks before the Department was prepared to issue it properly. Collectors in many

instances suffered from this cramming of a date down the POD's throat in that the philatelic press was not able to give the fair notice of a new issue always diligently and thoughtfully supplied by the Department heretofore.

As to the Swedes stamp, Mr. Truman had vetoed this, seemingly with good reason and on the advice of the Postmaster General. Now it is announced that such an issue will be made. That, my friends, means but one thing. It means that the President of the United States and his Postmaster General had something crammed down their throats. Both of these offices of our government are deserving of respect and dignified treatment and should certainly be above the petty reaches of glory hungry minorities.

Cramming stuff down people's throats is dictator stuff, and not American, and I don't like it!

A couple of questions for your consideration.

1. There was a stamp issued in 1937 which caused a certain Southern state legislature to discuss it with a lot of disapproval. Which one was it, and why?

2. Another stamp has been issued which commemorated a Wisconsin event, other than the one due on May 29. What was the date of issue, the design of the stamp, and the commemoration?

On The Trail Of The Mailomats: Two new Mailomats have been reported in operation. One in Memphis, Tenn. began serving the cash customers on May 8, as per a first day souvenir card from L. C. Kent of that city, while the other was in Minneapolis, Minn. on May 10. First day cards on the Minneapolis inaugural came from Victor J. Buskirk of that city and J. George Dean of Buffalo, Minn.

Covers were received from two cities where prominent events took place, and which bore cachets of the hand stamp type. Both were well done. One cover was from Grafton, W. Va. on Mother's Day, while the other came from Syracuse, N. Y. on the date of that city's Centennial. The first cover came from H. A. Nestor of Grafton, while the second came through the courtesy of the Syracuse Stamp Club.

Whether you collect precancels or not, it certainly should be worth 5c to gain some knowledge about them. That is all it will cost to get the very informative pocket-size booklet, postpaid, from C. C. Fisher, 1206 N. Frederick St., Arlington, Va. It was written by Berton Hoover.

How does the Post Office prevent precancel stamps from being re-used by swindlers on mail asks a collector. In the first place, those who would use precancels must go through a minor amount of red tape to get the privilege to use it. They must also mail at least 200 hundred identical pieces of mail at the same time, all neatly tied in bundles, and with a form made out for the information of the Post Office. The Postmaster, or any of his help are required to inspect all such mailings thoroughly, rejecting them for any deviations from the regulations. In many cases, this mail is distributed nationally, or even in case of city-wide distribution, it would cost more than the 1c or

1 1/2c to recover each stamp. So the answer is, that there is no temptation to swindle, for it isn't profitable.

## A DID YOU KNOW ITEM:

This one is dedicated to the Wisconsin whose state will be honored with a stamp on the 29th. On the 1c value of the Trans-Mississippi stamp is a reproduction of a painting that the Post Office Department labeled "Jacques Marquette On The Mississippi." Actually the title of the painting is "Marquette And The Indians" and the original hangs in a parlor of Marquette University of Milwaukee, Wisconsin. It was painted by the Austrian artist, William Lamprecht, in the 1880's in Cincinnati, Ohio, while he was on a visit in the United States. The government borrowed the painting in 1898 for the stamp design. While it is often thought to depict Pere Jacques Marquette as he discovered the upper Mississippi, it really pictures him early in 1673 on the banks of the Fox as Miami Indian guides point out the broad Wisconsin river about a half-mile away!!

Paul Verish, Jr. of Chicago has suggested to the POD that the Gold Star Mothers stamp be released on the same day that the Gold Star buttons are passed out to the mothers or the next of kin of fallen service men and women. This will take place in June. The idea has the support of several Veteran groups.

## Beautiful Native Flowers Of Austria

The Austrian Postal Administration has announced a set of ten semi-postal stamps to provide funds for the fight against tuberculosis, to be issued in May, showing domestic Austrian flowers. The stamps are printed in three colors, the basic design is engraved and recess-printed, while the coloring is applied in two colors by typography. The stamps have been designed by the Viennese painter, Hans Strohofer, and engraved by Hans Ranzoni, Jr. (10+5g and 1s+50g) and Hubert Woyty-Wimmer (other values). The entire printing has been done by the Austrian State Printing Works at Vienna. The values and designs are: 10g+5g: Violet (Viola odorata); 20g+10g: Anemone (Anemone nemorosa); 30g+10g: Crocus; 40g+20g: Auricle (Primula acaulis); 45g+20g: Anemone Pulsatilla; 60g+30g: Rhododendron; 75g+35g: Dogrose (Rosa canina); 80g+40g: Cyclamen; 1s+50g: Gentianella (Gentiana acaulis); 1s 40g+70g: Edelweiss (Cnaphalium leontopodium). The above was received through the courtesy of Edwin Mueller of the Mercury Stamp Co.

## VOX POP

Linns Weekly:

Gentlemen:

I want to commend your stand on the contemplated new issues of Britain. You're right as hell, a collector who will lay out so much money needs his head examined. While it would be to the immediate advantage of dealers to have these new issues it will eventually destroy the business. Stamp publications must get together and condemn the practice of turning out too many new issues.

I've asked Seelye, who manages our business to send the Crown Agents a copy of your paper, along with our own comments.

Yours, for more straight talk along this line.

C. A. Grier

(Editor's Note: Mr. Grier refers to the article on page 1 of the May 3 issue under the title, "Calling All Cars." As usual Linn's Weekly Stamp News was the only philatelic publication that pointed out to its readers that the British Silver Wedding series for the Crown Colonies was strictly a grab for dollars, and in very poor taste on the part of the Crown Agents.

The first airmail issue from Algeria depicted an airplane over Algiers harbor.

## THE PHILATELIC PATHWAYS:

Only a few thousand of this booklet now left and at the present rate they are going out, these will last but a few weeks more. Send in your request for a free copy by return mail. There are absolutely no obligations though I would appreciate the use of a commemorative (or even a block of four) on cover to me. Addresses of a few fellow collectors would be very welcome.

Everyone who writes in for a copy will receive one, but those who delay too long will not get the rather fancy cover on theirs. I will reprint the 32 page section over and over again as needed, but will not reprint the 8 color cover as that is a most expensive proposition, costing 3 times what the 32 page section does.

Just what is on the cover? Well the inside back cover has a beautiful emblematic Pony Express motif painted by Arthur Szyk. The inside front has the national coat of arms of Canada but created, also by Arthur Szyk, with such surpassing beauty and vigorous feeling, that one can safely say this is the finest delineation of a national coat of arms ever done in this world. See it, and then try and find anything to match it in all heraldic history.

Outside of the cover of "Philatelic Pathways", the 32 page section is invaluable, containing information not to be found in any other publication. You will hold on to this section as its informative data serves as a base for comparison with future editions, which will come out once a year commencing with 1949.

## ONE DOLLAR

Here's a modest one dollar subscription offer for those who wish to get better acquainted with the various services offered to collectors.

For the sum of \$1.00 I will send:

1. A set of 72 of the beautiful copyrighted Philatelic Maps. These are worth far more alone. Its worth a dollar of any man's time to duplicate ONE of these by hand, never mind 72 of them.

2. A copy of Philatelic Pathways. Its also offered free, but at least subscribers will get it complete, cover and all.

3. #1 of my forthcoming house organ "The Red River Rambler". As yet I've no idea when it will be ready but it will be printed on the same lavish scale as "Philatelic Pathways" and will continue to develop and introduce all manner of philatelic innovations and informative articles.

4. A stamp of which only about 8,000 exist, most certainly worth a dollar alone.

5. A stamp of which about 30,000 were issued but due to unusual circumstances is a veritable "sleeper" worth in my opinion as much as item #4.

All this for \$1.00. Send currency or mint commemoratives at face value. If you remit by check, tack on 18c extra for the bank charges, cashing same.

## Men Of God Are Honored

Photo, Courtesy Department of the Army

These are the Four Chaplains for whom a commemorative stamp will be issued on May 28 from Washington, D. C. All lost their lives in the sinking of the "Dorchester" off the coast of Greenland when the ship was sunk by enemy action in February 1943. These men removed their own life-jackets to give to those who had none, and through their encouragement caused many lives to be saved. Shown in the top row are George L. Fox, Jr., Methodist (right) and Alexander D. Goode, Jewish, while in the second row are John P. Washington, Catholic (right) and Clark V. Poling, Reformed Church of America. All had the rank of first lieutenants, and all were awarded the Distinguished Service Cross posthumously.

Collector Finds \$100  
Part Perf Documentary

A New York collector recently found a rare part-perforate variety of the current \$100 U. S. documentary revenue stamp.

It is a mint vertical pair, imperforate between, of the \$100 carmine stamp overprinted "series 1948" and portraying Philip F. Thomas (1810-90), a lawyer who was President Buchanan's secretary of the Treasury in 1860.

This remarkable pair is expected to be listed eventually in the Scott Catalogue as No. R507a. Only two perforation varieties have been catalogued in U. S. documentaries since the current series designs went into use in 1940: a vertical pair, imperf. between, of the \$60 stamp, and an imperf. pair of the \$20 stamp. Both were of the 1940 series (Scott's type R24) Neither is priced.

Harmer, Rooke & Co., 560 Fifth Avenue, New York 19, N. Y., will sell the new find in an auction booked for the week of June 21-25.

The Oran railroad terminal is shown on an Algerian stamp.

BAHAMAS. The long series of sixteen stamps from 1/2 pence to one Pound to commemorate the tercentenary of the settlement of the island of Eleuthera is to be an attractive pictorial series, judging by the list of designs and colors. These stamps are being printed in Canada and are not to be expected for release before December. With the possible exception of the design of the four pence, these stamps appear to have no reference to their alleged purpose, and it appears that there is a desire to outclass and outsell previous issues of many other colonies combined.

FIJI. Some values of the current Fiji series have been printed by De La Rue & Co. and these are gradually appearing perforated 12 and with some retouching of the dies of the frames in the medallion containing the Kings portrait. The most extensive retouching seems to have been done on the two pence on which the ear lies close to the head, the hair has a more rounded outline, and the lines of the background have been strengthened. As long as there is no reversion to the earlier perforations, there will be no difficulty in distinguishing the retouched dies.

INDIA. After months of debate, the United Nations Security Council have voted to allow 4,000,000 persons of Kashmir to decide by plebiscite whether they wanted to join India or Pakistan. Meanwhile 22 Indian States have signed an agreement combining their territories into the Malwa Union. This will reduce the number of Princely states from 562 to about 30 since Indian Independence. This new Malwa Union includes the prominent states of Gwalior and Indore, both of which have previously issued their own stamps. Several other unions are still in process of formation and it is anybody's guess as to the future emissions of stamps from these various unions.

There is a persistent rumor that the postal services in Muscat, Bahrain and Kuwait have been taken over by Pakistan. However there has been a series of affirmations and denials and a complete lack of any official statement on this subject.

BY KENNETH M. GIERHART, Baltimore, Ohio

### NOTES

Hoovers announced a price adjustment on the Morris Plains 222 coil, (1 1/2c coil) to 50c single, \$1 pair. May Supplement to Bureau Catalog.—The Golden Gate Bulletin mailed with a 2c Presidential from Moreno, Calif. U120N type.—First proofs on a new Ohio Precancel Catalog are expected by the editor soon. It is hoped this publication will be ready by Fall.—No matter what is thought about the Ventura Error, the stamp alone has brought some revival to the Bureau Print trade. There are some who feel that everything is not quite right on that deal despite repeated denials from California collectors. All we can say is that time will tell the story.—Your editor closed a deal for almost a thousand two-sided straight edge Precancels, with the one he already had there is a nice start now. Now how shall they be mounted. I started with a page divided into four parts and placed one denomination on a page, with each stamp in its respective corner. This isn't going to last too long. Readers ideas appreciated. Lets hear from you.

### BRITISH EMPIRE CHATTER

Box 51, Planetarium Sta.  
New York 24, N. Y.

BAHAMAS. The long series of sixteen stamps from 1/2 pence to one Pound to commemorate the tercentenary of the settlement of the island of Eleuthera is to be an attractive pictorial series, judging by the list of designs and colors. These stamps are being printed in Canada and are not to be expected for release before December. With the possible exception of the design of the four pence, these stamps appear to have no reference to their alleged purpose, and it appears that there is a desire to outclass and outsell previous issues of many other colonies combined.

FIJI. Some values of the current Fiji series have been printed by De La Rue & Co. and these are gradually appearing perforated 12 and with some retouching of the dies of the frames in the medallion containing the Kings portrait. The most extensive retouching seems to have been done on the two pence on which the ear lies close to the head, the hair has a more rounded outline, and the lines of the background have been strengthened. As long as there is no reversion to the earlier perforations, there will be no difficulty in distinguishing the retouched dies.

INDIA. After months of debate, the United Nations Security Council have voted to allow 4,000,000 persons of Kashmir to decide by plebiscite whether they wanted to join India or Pakistan. Meanwhile 22 Indian States have signed an agreement combining their territories into the Malwa Union. This will reduce the number of Princely states from 562 to about 30 since Indian Independence. This new Malwa Union includes the prominent states of Gwalior and Indore, both of which have previously issued their own stamps. Several other unions are still in process of formation and it is anybody's guess as to the future emissions of stamps from these various unions.

There is a persistent rumor that the postal services in Muscat, Bahrain and Kuwait have been taken over by Pakistan. However there has been a series of affirmations and denials and a complete lack of any official statement on this subject.

### Stamps Of The United Nations On Exhibition

Commencing May 17 and continuing through June 12, stamps of the 58 United Nations will be displayed at the United Nations Information Center, 535 Fifth Avenue, N. Y. C., through the courtesy of Scott Stamp & Coin Co., Inc. One of the Center's largest windows on the northeast corner of 44th Street has been set aside for this exhibition.

The stamps have been arranged on seven boards and placed in alphabetical order with a string leading from each stamp group to the corresponding country on the map above. The center board features those specific stamps issued by France, Mexico, United States and Uruguay in honor of the United Nations. The other stamps in the exhibit are those issued to celebrate peace or some event in each country's history.

U. S. Fans! There is no need for us to tell you that our stamps are better or more stupendous, gigantic and gorgeous than the next fellows. That's smacks only of some wide eyed Hollywood press agent. It's just so much hot air and can mean nothing to you. But we can tell you, and prove it, that you can not and will not find any one that will give more prompt service and better quality. Collectors all over the country are finding this to be true and are coming back with repeat orders. You, too, can benefit from our prompt service. # THE MAGIC WORDS OF STAMP COLLECTING

When you as a collector purchase a stamp, you want a stamp that will have the most appeal, a stamp that you will be proud to own and proud to show. Most of all you want a stamp that will have the highest possible resale value. What you desire is a stamp described by the words "V.F. to Superb." The most satisfying stamps, and the ones that gain the greatest increase in value are always stamps in V.F. to Superb condition. When we entered the stamp business we did so with one purpose in mind, and that was to furnish foreign stamps, and later U. S. in V. F. to Superb condition and at prices competitive with prices being charged for ordinary "run-of-the-mill" stamps. We had found it almost impossible, as a collector, to obtain foreign stamps in this condition. Every collector has experienced this difficulty many times. We only handle mint stamps of France, U. S., 20th Century, Germany, Vatican City and Brazil. We have partially achieved our purpose. We can furnish you mint stamps of the countries named in V. F. to Superb condition and at prices competitive to those being asked for ordinary stamps. We hope, with the help of those collectors who believe in our purpose, to eventually expand so that we may offer you stamps of many other countries. We have noticed, and we are sure you have too, that many other dealers are now and have just in the last few weeks, offered foreign stamps in high grade condition. This advertising started to appear about 1 to 2 weeks after our advertising was first published in stamp papers. If we accomplish no more, we have helped a lot already. However, with the continued help of our customers and friends, we hope to give the stamp collector a "break" at last, and see that he is furnished with foreign stamps in high grade condition. Catalog prices of stamps are all based on stamps in V.F. to superb condition. When a collector is sold stamps at a price based on such a catalog price the catalog stamp and the stamp being offered should be similar. Send for our price lists (no charge) or order approvals of stamps needed (a full 10 day period is allowed on approvals). Please send references. Want lists handled. All stamps returnable within 10 days of receipt for full and immediate refund. We are listing just a few examples at our every day regular prices (not special lower prices for this ad only). With your help we'll be able to see that the collector who receives the stamps described by those magic words of stamp collecting "V.F. to Superb" at a fair price.

## CIPEX Sheets On Sale At Fifty More Cities

In what seems to be an attempt to clear its vaults of the Centenary Souvenir Sheet, the Post Office Department has announced that an additional fifty cities will be furnished stocks of this issue over and above the thirty-eight named previously. Collectors will remember that this is the sheet that had its first day of issue during the CIPEX in New York during May 1947. It contains reproductions of the 5c and 10c stamps of 1847. ## Pre-First Day Usage Of German Dove Stamps

A pre-official first day use cover of the 5 Marks stamp of Germany which depicts the shackled hands releasing the Dove of Peace, is reported as having happened in Munich. The official first day was set for February 1, 1948, but the postmaster at Munich placed this stamp on sale in his office on January 15 and continued to do so for three days. He then received an order forbidding him to sell further copies of this stamp until February 1.

A cover on which this stamp has been used at Munich on January 15, is in the collection of Charles A. Heinze. Mr. Heinze further reports that the year date on the postmark was 1947 instead of 1948 also. He is rather curious to know whether other collectors have noted this mistake in the postmark, or have the stamp on cover from Munich before the official first day. His address is 8008 S. Lafayette Ave., Chicago 20, Ill.
